No. 1604-C/39-1.

Station Madras., *Dated the* 31st May 1939.

From (Name) Diwan Bahadur Dr.B.Sundara Raj,M.A.,Ph.D.,
(Designation) Director of Fisheries,

To The Secretary to the Government of Madras,
Development Department.

Sir,

Ref:G.O.No. Mis. 888 Development dated 2-4-1938.

Under the sanction conveyed in G.O.No.Mis.888 Development dated 2-4-1938 a school was opened on 20th June 1938 at Hejmadikodi. Since then the school has been working with standards I to III. A statement of strength of each class and average attendance from October 1938 to April 1939 is enclosed. It is reported that there are sixteen children waiting for admission to the IV standard.

2. The opening of the IV standard will involve the employment of a fourth teacher. The strength of classes

in the next school year is expected to be as follows:-

Standard	I.	58 children.
"	II	30 "
"	III	16 "
"	IV	16 "
		120 "

Two teachers will be required for the first standard and a separate teacher for Standard II. The other two standards can be combined under one teacher. Thus, on the whole four teachers as against three teachers now employed, will be required to manage the classes when IV standard is opened. In para 2 of Government Memorandum No.1735-II/33-1 ~~xx~~ Development dated 30-6-1933 it is laid down that no new classes should be opened without the sanction of Government if it involves extra recurring expenditure. The opening of the IV standard in the Hejmadi-kodi school is desirable both because the present policy of elementary education is that every school should develop into a complete lower elementary school (with the V standard as the highest) and the percentage of pupils expected in the IV standard is not less than 25 % of the strength of standard I.

3. The school year begins in June, when promotions and new admissions will be made and the classes re-arranged. The opening of a higher class has, therefore, to be effected immediately. I have. therefore, the honour to request you to be so good as to move Government to sanction the opening of the IV standard in the school and the immediate employment of a fourth teacher for the purpose. It may be possible to meet the expenditure involved in the proposal from the savings in the current year's budget.

I have the honour to be.
Sir,
Your most obedient servant,

C.R. Nalesa Pillai
for Director of Fisheries.

Ref: Letter from the D.F.No.1604-C/39 dated 31-5-39. Hejmadikodi School - Opening of IV standard.

The D.F. is informed that it is not possible to sanction during the current year the opening of the IV standard in the fisheries school at Hejmadikodi and the employment of an additional teacher, ~~during the current year~~. He is requested to consider the possibility of restricting the admissions to Standard I this year so as to keep the number in that standard down to the maximum number that can be managed by one teacher so that Standard IV could be opened at once without engaging an additional teacher, pending consideration of his proposals as a Part II Scheme for 1940-41.

Ref. No. 1604-C/39-5

Station Madras., *Dated the* 26th August 19 39.

From (Name) Diwan Bahadur Dr.B.Sundara Raj,M.A.,Ph.D.,
(Designation) Director of Fisheries,

To The Secretary to the Government of Madras,
Development Department.

Sir,

The Sub Assistant Director proposes that standard V may be opened in the Hejmadi Kodi Fisheries school in the next school year. The strength of the classes in the event of the opening of the V standard is expected to be as follows:

Standard.	Boys.	Girls.	Total.
I	25	15	40
II	23	12	35
III	20	5	25
IV	11	2	13
V	9	4	13
	88	38	126

2. Standards I and II will require separate teachers.

The three higher standards will require two teachers, standards IV & V being combined under one. Thus a total of 4 teachers, against 3 now employed, will be necessary.

3. In the circumstances, I request that the sanction of Government may be obtained for opening standard V from 1st June 1940 and the consequent employment of an additional teacher.

4. The total accommodation now available in the school building is stated to be 70. This is insufficient even for the present strength of 103 pupils. Additional space will be required to accommodate the anticipated strength next year i.e., 126 - 70 = 56. It is reported that the owner of the building is willing to extend his building if he is assured of increased rent in accordance with the assessment of the Public Works Department. I request that the Government will be pleased to accord sanction for permitting the owner to provide additional accommodation for sixty pupils.

I have the honour to be,

Sir,

Your most obedient servant,

B. Sundara Raj

Director of Fisheries.

Ref.No.1604-C/39-8

Station Madras, *Dated the* 27th October 19 39.

From (Name) Dewan Bahadur Dr. B. Sundara Raj, M.A., Ph.D.,
(Designation) Director of Fisheries,

To The Secretary to the Government of Madras,
Development Department.

Sir,

Ref:-- Government Memo.No. 15428-VI/39-5 dated 18-9-1939.

The Sub Assistant Director of Fisheries reports that the owner of the present building is prepared to construct a new permanent building with accommodation for about 130 children consequent on the opening of IV & Vth standards and that the Inspector of Fisheries estimates that a rent of about Rs. 12-8-0 per mensem will have to be paid for it.

2. In paragraph 4 of my letter Ref.No. 1604-C/39-5 dated 26.8.1939 it was stated that the total accommodation now available in the school building is for 70 children.

This was based on Sub Assistant Director of Fisheries' report. He now states that this is not correct. The original shed in which the school started work on 20.6.1938 had accommodation for only 51 pupils. The Executive Engineer, West Coast Division, Calicut, assessed a rent of Rs.5/-per mensem which is being paid for the shed in accordance with the sanction in G.O.No.Ms.888 Dev., dated 2-4-1938. At his inspection of the school on 10-10-1938, the Assistant Director of Fisheries noted then that for the strength of 100 pupils additional accommodation was urgently required and remarked "the present building will have to be vacated if the owner does not carry out extensive repairs and provide additional accommodation." Accordingly the Inspector of Fisheries was asked by the Assistant Director of Fisheries on 30.10.1938 if the owner of the building would carry out necessary repairs and provide additional accommodation, and, if not, whether another suitable building spacious enough could be found for housing the school. The Inspector was again asked by the Sub Assistant Director of Fisheries about a suitable building for shifting the school. The Inspector reported on 27.6.1939 that the owner had put up a shed measuring 15' x 12' providing accommodation for 19 pupils. Again on 5.8.1939 the Inspector reported that Mr. Basappa(the owner of the building) had put up another shed measuring 20' x 12' and that the accommodation has been increased from 70 to 95.

3. The Sub Assistant Director of Fisheries now reports that the two additional sheds providing accommodation for 19 and 25 children respectively are being used from 9.6.1939 and 1.8.1939. Mr. Basappa appears to have constructed these sheds before obtaining the formal sanction of Government. The Executive Engineer has been asked for assessment of the rent for the temporary extensions. On receipt of his reply, I shall address Government for payment of the rent for the additional accommodation provided for the existing strength.

4. In view of the fact that the accommodation now available is insufficient for the present strength and that additional accommodation will be necessary when the Vth standard is opened, I request that the sanction of Government may be obtained to permit the owner to provide a permanent building for 130 children on assurance of payment of such rent as may be assessed by the Public Works Department.

I have the honour to be,

Sir,

Your most obedient servant,

Department of Fisheries,

Madras, 7th December 1939.

Post copy of telephonic message.

Ref: Your telephonic message dated 4-12-39.

Sub: Education - Hejmadi Kodi school - Opening of higher standards.

Even before the receipt of your telephonic message quoted above, a telegram was sent to the Sub Assistant Director asking him to expedite the information asked for. He now reports that he has not received a reply from the Inspector of Fisheries, Mangalore. The Sub Assistant Director promises to send his reply immediately he received the information from the Inspector of Fisheries.

2. As regards the rent for the temporary extensions referred to in para 3 of my letter No. 1604-C/39-8 dated 27-10-39, the Executive Engineer, Calicut has assessed a rent of Rs.3/- p.m. for the 2 sheds. A copy of Executive Engineer's letter dated 30-11-39 is herewith sent. The Sub Assistant Director says that the rent of Rs.1-4-0 assessed by the Executive Engineer is evidently on the extension which was taken charge of on 9-6-1939 and that of Rs. 1-12-0 on the larger extension occupied on 1-8-1939.

Ellor. Dgt.

Vaishnavi School - Hejmadikodi -
Opening of IV standard.

(From the D.F. No. 1604-4/39-1Q, 31.5.39)

To A.S.

pp. 1-2 C.F. The D.F. has submitted proposals for the opening of the IV standard and the employment of an additional higher Elementary grade teacher in the Hejmadikodi School. The proposal involves ~~an~~ recurring expenditure on account of a teacher on Rs. 23-2/2-45 and it should normally be treated as a Part-II scheme for 1940-41.

A in p. 2 C.F. The D.F. states that the opening of the higher class has to be effected immediately, as the school year begins in June when promotions and new admissions ~~are~~ are made and the classes rearranged, and as there are 16 children

B in p. 1 C.F. waiting for admission to the IV Standard. Schemes of new expenditure of a recurring

12/ 7

Character can be introduced in the course of a year only if certain specific conditions are satisfied - Vide para. 2 of Finance G.O. note no 25663. BB.1 dated 25.7.38. In the case of a similar proposal relating to the Karvayi School, it was considered that the scheme did not satisfy the prescribed criteria for introduction in the current year - Vide notes on pp 5-6 and order at p. 7 of G.O. no 700 Dev. dt 20.3.39. It is therefore for orders whether the D.F.'s present proposal to open IV standard in the Hejmadibodi School may also be deferred. If so, a draft order is submitted for approval.

If as the D.F reports there are 16 boys awaiting admission to the IV Standard, and there are already 16 boys in the III Standard, the strength likely to be reached in the next School year i.e. in June (after vacation) is not 16 only but 16 (awaiting admission) and 12 at least out of the 16 (now in the third class) or a total of 28.

Boys 7/6
BGN 7/6.

'B' mp 1.1-
'C' mp 3'

IE.

If according to the rules or direction in force vide No. 25663 (B.G)-1 dt. 25-7-1938, the Govt are precluded from agreeing to the opening of a new class, the question has to be considered as to what will happen to about 25 children. Are they to be denied educational facilities because the rules do not allow a class to be opened for their benefit in the middle of a year. I submit that the rules in such cases as these should be relaxed and the Dt. permitted to open a class subject to the Scheme being considered later as a Part II Scheme. The sanction may be purely provisional. Requirements may be omitted.

Finance (E.II).

The Director of Fisheries has requested sanction for the opening of the IV standard in the Fisheries School at Hejmadikodi in South Kanara Dt. and for the employment of a fourth teacher on the scale of Rs 23-2/2-45 p.m.

ASSISTANT SECRETARY TO GOVERNMENT
12 JUN 1939
FINANCE DEPT.

2080780

The Development Department recognise that, under the orders in force, the proposal will have to be brought forward as a part II scheme, but

M 2-3 above

suggest that, in view of the desirability of providing educational facilities to the pupils who are said to be already awaiting admission to the IV standard and to the pupils who will be promoted from the III standard, the Director of Fisheries may be permitted to open the IV standard subject to the scheme being considered later as a Part II scheme. pp 2-3 above

2. Schemes for which no provision has been made in the Budget Estimates for the current year, have to be treated either as schemes of new expenditure for introduction in the current year or as Part II schemes for next year.

To introduce a particular scheme in the current year and yet treat it as a part II scheme for next year is an unusual procedure and is opposed to the basic principles which now regulate the sanctioning of new schemes of expenditure. To adopt a procedure such as that suggested by Development in this case is to anticipate the Government's acceptance of the scheme or to force their hands to accept the scheme when it is brought forward as Part II scheme later. The course suggested by Development is therefore not the proper one to follow. A and 3 above

3 above

15.6.39

3. If a particular scheme is urgent and cannot brook the delay involved in deferring it for consideration as a part II scheme, the right course is to treat it as a scheme for introduction in the current year. But it should satisfy one or other of the following

criteria if it is to be given effect to -

(1) The scheme should be essential for carrying on the administration, and should be so urgent that its postponement would cause serious inconvenience to the working of the department; or would necessitate considerably greater expenditure in the near future.

(2) The scheme should be certain to produce additional revenue or result in savings or prevent the loss of existing revenue to an extent that outweighs the additional expenditure involved, and the advantage should be so great that it would be distinctly undesirable to postpone the introduction of the scheme.

The present case does not obviously satisfy either of these criteria. It is, of course, open to the Govt. to waive these conditions in any particular case. But there would seem to be nothing special about the present case which would justify such relaxation. The case of the school does not seem very different from that of the school at Kavvayi, where, too, pupils were said to be awaiting admission to a higher standard. The Director of Fisheries himself could have foreseen and brought this forward as a part II scheme last year. Moreover, from the point of view of budgeting, a strict application of the criteria referred to above is desirable and necessary.

In the circumstances, this department may suggest

M in para 2 of Ys note no 19380 Bg-1 dt 29-5-39. (L) Noted

See Ys no 700 Dev (T) 20-3-39 Noted (T)

that the scheme be brought forward as a part II scheme for 1940-41.

f. Dev wg p.8 ante

Finance(E. II)

(Previous Finance notes on pp.3-6 and 7 ante.)

This department have already agreed to the proposal for the opening of Standard IV and the employment of an additional teacher in the Fisheries School at Hejmadikodi going forward as a Part II scheme for 1940-41. It is now proposed to open Standard V also without the employment of any additional teacher for the purpose, and the Development Department have revised the draft Part II scheme note accordingly.

para 4 on p.6 c/f

2. The Director of Fisheries suggests that the owner of the building in which the school is located may be asked to provide additional accommodation for 60 pupils and that he may be given an assurance of increased rent. It is submitted that it is not desirable to give an assurance as proposed in advance of the decision of the Govt. as regards the opening of Standards IV and V. If the scheme is selected by the Govt. necessary assurance may be given. The ~~assurance may be given~~ soon after it is known that the scheme has been approved by the Council of Administrative Ministers.

3. It is now seen that the opening of additional standards will involve additional expenditure by way

of rent. An estimate of this additional expenditure should also be given in the draft Part II scheme note. Subject to this remark, the draft note may be accepted and the following added as this department's note:-

"The proposal may be considered as a Part II scheme for 1940-41." | A

To A.S.

Please see the O.M. to the D.F. at p. 7 C.F. and his reply

at pp. 8-10 ante. The D. E's present-
½ memo at p 10 ante proposal is to provide a permanent-
building in the place of the existing
sheds for the Hejmadi Kodi school
para 1. p. 8 ante and be reports that the probable rent to be paid for a
with accommodation for 130 children
Consequent on the proposed opening
of IV and V standards is Rs. 12-8-0
The information called for by the probable
para 3 of finance memo on pp 9-10 ante Finance Dept. is the yearly rent
to be paid for providing additional
accommodation for IV and V standards
of A' on p. 5 ante with a total strength of 26 pupils.
(unfortunate rent on this account)
This may be calculated on receipt
of the assessment (referred to in para 3 on p. 9 ante) of rent for the
two additional sheds since
constructed for providing accommodation
for 44 children.

The need for providing
a permanent building on rent
depends on the opening of IV and
V standards in the school. The scheme for its opening of these standards has to be judged afresh by the standard of imperative and immediate necessity. In his letter dated 19-7-36 at pp 44-45
of pp 588 Dw of 2.4.38 Sri Basappa stated that there was no
primary school within a
radius of two miles. The D. E.

To A.S.

The D.F. reports that the nearest school to the Hejmadi Kodi Schools is 2½ miles. This seems to be a long distance for the tiny children to walk and it is for consideration whether the proposal to open classes of IV and V standards in the Hejmadi Kodi school may be regarded as one of imperative and immediate necessity. With reference to para 2 of the Finance dept note at pp. 9-10 ante, it is noted that the Executive Engineer has assessed a rent of Rs 3 p.m. for the two ~~additional~~ new sheds used for accomodating 44 pupils and that the additional rent for housing IV and V Standards (a strength of) with 26 pupils works out to Rs 2/. This expenditure has now been included in the Part II Scheme of the

PART II SCHEME FOR 1940-41.

Subject:- Opening of standards IV & V in the Fisheries School at Hejmadikodi in South Kanara District.

S U M M A R Y.

Head of account (Major and minor heads and sub-heads of appropriation).	Items of expenditure (including detailed heads of account).	Ultimate cost. Recurring. Rs.	Ultimate cost. Non-recurring Rs.	Cost in 1940-41. Recurring. Rs.	Cost in 1940-41. Non-recurring Rs.
43.d.Industries - Fisheries - F. Fisheries schools - 1. Pay and allowances of establishment	Pay of establishments - Temporary - One Higher Elementary Grade teacher on Rs.23-2/2-45.	399	Nil	207	Nil.
2. Other charges	Rent - additional rent at Rs.2/- p.m.	24	Nil	20	Nil.
		423 or 400 roundly	Nil	227 or 200 roundly.	Nil

Note by the Administrative department.

The Fisheries School at Hejmadikodi in the South Kanara district was opened on 20-6-38 and was working with standards I to III with a staff of three teachers. In May 1939, the Director of Fisheries reported that 16 children were waiting for admission to IV standard and proposed the immediate opening of the new standard and the employment of an additional teacher. Pending consideration of this proposal as a Part II Scheme for 1940-41, the Director was asked to restrict the admissions to standard I in the current year, so as to keep the number in that standard down to the maximum number that could be managed by one teacher, so that standard IV could be opened immediately without engaging an additional teacher. Standard IV was accordingly opened with a strength of 13 pupils. The Director has now proposed that standard V may also be opened from the next school year. With the opening of V standard, the strength of the classes is expected to be as follows:-

Standard.		Strength.
I	...	40
II	...	35
III	...	25
IV	...	13
V	...	13
	Total...	126

Standards I and II will require a separate teacher each and standards III to V will require two teachers, standards IV and V being combined under one of them. Thus a total of 4 teachers will be required as against 3 now employed. This Department supports the Director's proposals for the opening of the IV and V Standards and for the employment of an additional Higher Elementary Grade teacher in the Hejmadikodi School and recommends the inclusion of a provision of Rs.200/ in the Budget Estimates for 1940-41. The additional teacher will be on a temporary basis in the first instance.

V.N.Viswanatha Rao,
9-12-39.

Note by the Finance Department

The proposal may be considered as a Part II Scheme 1940-41.

T.N.S.Raghavan,
9-12-39.

Finance (P.E.III) Department.

U.O.Note No.42644 B.E.III-3, dated the 17th January 1940.

Sanction is accorded to the opening of IV and V standards in the fisheries school at Hejmadikodi and the temporary employment of an additional teacher of the higher Elementary grade on Rs. 23-2/2-45 per mensem ~~from the date of opening of~~ from the 1st June 1940 to the 31st March 1941.

If necessary provision has been included in the B.E. for 1940-41 under "3 d. Industries - Fisheries - A. Fisheries School

vide para 3, pp 5-6 Cts

3. With reference to para 4 of his letter cited above the D.E. is permitted to give the owner of the building in which the Hejmadi Basti school is located an assurance that, if he constructs a permanent building providing accommodation for not less than 130 (one hundred and thirty) children, rent as assessed by the P.W. Dept. will be paid to him. The proposals referred to in para 3 of the same letter regarding the payment of rent for the additional accommodation already provided for the school are awaited.

Hejmadikodi school - Bilding - Additional sheds - Payment of rent.

--

(C)

3. The Sub Assistant Director of Fisheries now reports that the two additional sheds providing accommodation for 19 and 25 children respectively are being used from 9-6-39 and 1-8-39. Mr.Basappa appears to have constructed these sheds before obtaining the formal sanction of Government. The Executive Engineer has been asked for assessment of the rent for the temporary extensions. On receipt of his reply, I shall address Government for payment of the rent for the additional accommodation provided for the existing strength.

Extract of para 2 of Telephonic Message from the Director of Fisheries dated 7-12-39.

--

2. As regards the rent for the temporary extensions referred to in para 3 of my letter No.1604-C/39-8 dated 27-10-39, the Executive Engineer, Calicut has assessed a rent of Rs.3/- per mensem for the 2 sheds. A copy of Executive Engineer's letter dated 30-11-39 is herewith sent. The Sub Assistant Director says that the rent of Rs.1-4-0 assessed by the Executive Engineer is evidently on the extension which was taken charge of on 9-6-39 and that of Rs.1-12-0 on the larger extension occupied on 1-8-1939.

Copy of letter dated 30-11-39 from the Executive Engineer.
